

# WHY JOIN?

Guests are always welcome to attend our monthly meetings without charge, but paid memberships in the GROS provide these additional benefits:

- Monthly newsletter with details of Society events and other orchid-related topics.
- Free admission and advance purchase opportunities at our annual Spring Orchid Show.
- Inclusion on our membership roster. This list is provided only to members for the purpose of making it easy to contact each other, especially useful if you have a question or need help with your orchids.
- Voting privileges
- Have an orchid growing problem or question? You'll find that your fellow members are always happy to help! We have many members who are expert growers of all kinds of orchids.

GENESEE REGION  
ORCHID SOCIETY, INC.

# WELCOME!

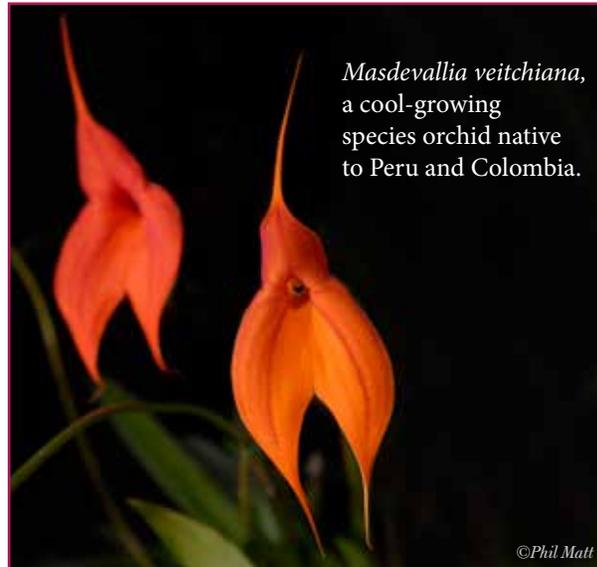

Whether you're new to growing orchids or have grown them for years, there's a place for you in the Genesee Region Orchid Society. It's a place where members share both their love of orchids and their expertise in nurturing these fascinating plants. New growers can learn to care for that first orchid or can be guided in how to expand a collection. It's where all orchid growers can collaborate and share their knowledge and experience.

The Genesee Region Orchid Society meets monthly, September through June. Meetings are held on the Monday following the first Sunday of each month (Sept. - May) at the Louis S. Wolk Jewish Community Center, 1200 Edgewood Avenue, Brighton, NY. Orchids 101, an informal, educational beginners' class, is held each month prior to the general meeting. Each general meeting features a presentation by an expert on an orchid topic, and a "show table" of orchids grown and brought in by members for all to admire. There is always plenty of time for mingling and relaxed conversation.

Be sure to visit our website  
at <https://www.geneseeorchid.org>

The Society's largest event of the year is the annual Orchid Show and Sale, presented in the Spring. This juried show features hundreds of orchids on display plus a large number of vendors selling orchids and related supplies. Proceeds from the Show are used to further the educational goals of the GROS and other organizations concerned with the culture of orchids.

The Genesee Region Orchid Society, Inc. is a non-profit organization that exists to stimulate interest in orchids and to educate our members and the public in the culture, improvement, use and conservation of this large and diverse family of plants. We are an Affiliate of the American Orchid Society, and of the Orchid Digest Corporation.
