

**Instructions for entering your plant/s  
in the GROS exhibit  
Genesee Region Orchid Society  
Show April 2-3, 2022  
Set-up April 1, 2022**

If you have a few, or only one plant in bloom for the show, you can still exhibit it without setting up your own display. You can put it in the GROS exhibit. The steps to do this are simple:

**Pre-register your plant/s:**

1. See the **Plant Registration Instructions** available on the GROS website ([www.geneseeorchid.org](http://www.geneseeorchid.org)) under the “Annual Show” tab or contact Jeanne Kaeding at 585-442-3202 for this document.
2. Complete the **Plant Pre-Registration Form** excel sheet. Please type into this excel sheet so we can copy and paste from it. This can be found on the GROS website ([www.geneseeorchid.org](http://www.geneseeorchid.org)) under the “Annual Show” tab or contact Jeanne Kaeding at 585-442-3202 for this document.
3. Email the completed Plant Pre-Registration Form excel sheet as an attachment to the registrar, Jeanne Kaeding, at [GROSregistration@juno.com](mailto:GROSregistration@juno.com) or call Jeanne at 585-442-3202 to discuss other arrangements.
4. If any modifications need to be made to your plant list, please see the registrar, Jeanne Kaeding, to finalize your list on Friday April 1 during set-up by 4pm.
5. Plant Registration will close on Friday, April 1, 2022 at 4 pm. If you anticipate experiencing difficulties meeting this schedule, please call or email the registrar, Jeanne Kaeding, at the above phone number or email address.

**Deliver your plant/s:**

1. Bring your plants to the RMSC Eisenhart Auditorium during set-up on Friday, April 1 between 10am and 4pm.
2. Get your assigned plant numbers from the registration desk.
3. Tape the correct number to each plant.
4. Write a label for each plant; remove any other identifying labels.
5. Place the plant in the area reserved for the GROS exhibit.

Please help GROS exhibit chair Austin Miller set up a good exhibit by entering your plants on time. He can't set up the exhibit until all the plants are present.

Set-up Location: Rochester Museum and Science Center, Eisenhart Auditorium, 657 East Ave, Rochester, NY 14607  
Set-up Date: Friday April 1, 2022 | Show Dates: Saturday April 2 10am-5pm, Sunday April 3 10am-4pm
